Determining Party: Party A and Party B

Calculation Agent:

(a) Subject to the following provisions, Party A and Party B are joint Calculation Agent. The Calculation Agent is responsible for making any determination, calculation or adjustment in connection with any Transaction hereunder that is not expressed to be the responsibility of an identified entity. If the parties do not agree on a particular determination, adjustment or calculation for which the Calculation Agent is responsible, then within three Scheduled Trading Days after the first party provides the other party with its determination, adjustment or calculation, the parties shall appoint three Independent Dealers (as defined below) (or, if the parties cannot agree on three, each party shall select an Independent Dealer, which dealers shall jointly appoint a third Independent Dealer), each to make a determination, adjustment or calculation as to the disputed matter within two Scheduled Trading Days of such appointment. The parties shall share equally the costs, fees and expenses (if any) of any Independent Dealers called upon to resolve a dispute and agree to waive any claim that they might otherwise have against any Independent Dealer for any determination, adjustment or calculation made in good faith pursuant to this provision.

In the event that two or three Independent Dealers provide a response as to the disputed matter within two Scheduled Trading Days of their respective appointments:

- (i) if those responses are susceptible to the determination of an arithmetic mean, the arithmetic mean of such responses shall be binding on the parties for the disputed matter, absent manifest error; or
- (ii) if those responses are not susceptible to the determination of an arithmetic mean,

(A) if the majority of the responding Independent Dealers provided the same response, such response shall be binding on the parties for the disputed matter, absent manifest error; or

(B) if the majority of the Independent Dealers did not provide the same response, the responding Independent Dealers will jointly appoint a fourth Independent Dealer (the “Resolver”), and the Resolver will select within two Scheduled Trading Days from the responses originally provided by the responding Independent Dealers, with the selected response being binding on the parties for the disputed matter, absent manifest error.

The parties acknowledge and agree, by way of example and without limiting the phrase, that the following are not susceptible to the determination of an arithmetic mean: (1) responses as to whether or not an event has occurred and (2) responses in which different terms of the Transaction are proposed to be adjusted.

(c) If, after following the procedures in paragraphs (a) and (b), a binding determination, adjustment or calculation is not achieved, the dispute resolution provisions of the Master Agreement shall be applicable (other than any Calculation Agent-specific provisions, which are superseded by these provisions).

Additional Provisions

[FX Disruption:

The definition of “Additional Disruption Event” in Section 12.9(a)(i) of the Equity Definitions shall be amended by inserting the following words at the end of such paragraph:

“and an FX Disruption”.

“**FX Disruption**” means the occurrence of any event after the Trade Date that makes the Hedging Party unable, after using commercially reasonable efforts, to:

- (i) transfer, on or in respect of a Valuation Date, a Floating Amount Payment Date or a Dividend Payment Date, through customary legal channels the proceeds of a Hedging Party Hedge denominated in the Settlement Currency from accounts within the Local Jurisdiction to (a) accounts outside such Local Jurisdiction, (b) other accounts within such Local Jurisdiction or (c) the accounts of a non-resident of such Local Jurisdiction;
- (ii) transfer, on or in respect of a Valuation Date, a Floating Amount Payment Date or a Dividend Payment Date, through customary legal channels the proceeds of a Hedging Party Hedge denominated in the Local Currency from accounts within the Local Jurisdiction to (a) other accounts within such Local Jurisdiction, (b) accounts outside such Local Jurisdiction or (c) the accounts of a non-resident of such Local Jurisdiction;
- (iii) convert the proceeds of a Hedging Party Hedge denominated in the Local Currency into the Settlement Currency on or in respect of a Valuation Date, a Floating Amount Payment Date or a Dividend Payment Date through customary legal channels;

- (iv) convert the proceeds of a Hedging Party Hedge denominated in the Local Currency into the Settlement Currency on or in respect of a Valuation Date, a Floating Amount Payment Date or a Dividend Payment Date at a rate at least as favourable as the rate for domestic institutions located in the Local Jurisdiction; or
- (v) obtain a rate or a commercially reasonable rate (as determined by the Calculation Agent), in each case, at which the proceeds of a Hedging Party Hedge denominated in the Local Currency can be exchanged for the Settlement Currency on or in respect of a Valuation Date, a Floating Amount Payment Date or a Dividend Payment Date.

If an event or circumstance that would otherwise (but for this provision) constitute a Hedging Disruption also constitutes an FX Disruption, it will be deemed to be an FX Disruption and will not constitute a Hedging Disruption.

Consequences of FX Disruption: Upon the occurrence of an FX Disruption, the Hedging Party may give notice to the Non-Hedging Party that an FX Disruption has occurred whereupon:

- (i) in the case of an FX Disruption that is described in:
 - (a) sub-paragraphs (i) or (ii) of the definition of “FX Disruption”, the payment obligations of the parties under the Transaction will be postponed until the date falling a number of Currency Business Days as specified in the Cash Settlement Payment Date after the date on which the FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter; and
 - (b) sub-paragraph (iii) of the definition of “FX Disruption”:
 - (I) the conversion of proceeds of the Hedging Party Hedge denominated in the Local Currency into the Settlement Currency by the Hedging Party will be postponed until the first Currency Business Day on which such FX Disruption ceases to exist or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter (the “**Conversion Date**”); and
 - (II) the payment obligations of the parties under the Transaction will be postponed until the date falling a number of Currency Business Days as specified in the Cash Settlement Payment Date after the Conversion

Date or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter,

provided that in each case as set out in sub-paragraphs (a) and (b) above, the Calculation Agent will adjust the payment obligations in respect of the Transaction to account for any interest actually received and funding (including internal funding costs) or other charges actually incurred by the Hedging Party as a result of or otherwise during such postponement; and

- (ii) in the case of an FX Disruption that is described in sub-paragraphs (iv) or (v) of the definition of “FX Disruption”, the Calculation Agent shall determine the Exchange Rate as soon as reasonably practicable after taking into consideration all available information that it deems relevant, including any published official or industry-consensus rate of exchange; provided, however, that in anticipation of the cessation of the FX Disruption, the Calculation Agent shall be entitled to postpone the determination of the Exchange Rate to such time as is reasonable and it will adjust the payment obligations in respect of the Transaction to account for any interest actually received and funding (including internal funding costs) or other charges actually incurred by the Hedging Party as a result of or otherwise during such postponement.

Notwithstanding any postponement of the obligations of the parties under the Transaction in respect of an FX Disruption, either party may elect to terminate the Transaction if the FX Disruption is continuing on or after the date falling one year after the occurrence of the FX Disruption, upon at least two Currency Business Days’ notice to the other party specifying the date of such termination.

Upon termination of the Transaction, the Determining Party shall determine the Cancellation Amount provided that where, in respect of such Transaction, the Determining Party is Party A and Party B, (a) the Hedging Party whose Hedging Party Hedge(s) are affected by the FX Disruption shall determine the Cancellation Amount and references to “Determining Party” in Section 12.8 (*Cancellation Amount*) of the Equity Definitions shall mean such Hedging Party and (b) any Exchange Rate used in the determination of the Cancellation Amount shall be determined by the Calculation Agent, after taking into consideration all available information that it deems relevant, including any published official or industry-consensus rate of exchange. Such Cancellation Amount will be payable by, the party specified by the Determining Party or where the Determining Party is Party A and Party B, the party specified by the applicable Hedging Party, to the other party.
