1. Notice Notice to the Shareholders of Credit Suisse (Lux) Floating Rate Credit Fund (for the purpose of this point, the "Subfund")

Notice is hereby given to the Shareholders of the Subfund that the Board of Directors of the Company has decided to amend the investment principles of the Subfund. Currently, the Subfund may invest in ABS and MBS which primarily have a prime credit quality (rated "AAA" by Standard & Poor's or "Aaa" by Moody's or a similar credit quality). After the change, the Subfund may be able to invest in ABS and MBS primarily with an investment grade credit quality (rated "BBB" by Standard & Poor's or "Baa3" by Moody's or a similar credit quality).

To reflect the above, section "Investment Principles" of the Subfund's supplement under Chapter 23, "Subfunds" of the prospectus, will be amended as indicated hereafter:

Old Investment Principles	New Investment Principles
<p><i>The Subfund's investment in ABS and MBS are made primarily in securities which have a prime credit quality (rated "AAA" by Standard & Poor's or "Aaa" by Moody's or a similar credit quality in the view of the Management Company).</i></p>	<p><i>The Subfund's investment in ABS and MBS are made primarily in securities which have an investment grade credit quality (rated "BBB" by Standard & Poor's or "Baa3" by Moody's or a similar credit quality in the view of the Management Company).</i></p>

2. Notice to the Shareholders of Credit Suisse (Lux) AgaNola Global Value Bond Fund (for the purpose of this point, the "Subfund")

Notice is hereby given to the Shareholders of the Subfund that the Board of Directors of the Company has decided to include the possibility for the Subfund to use currency derivatives for investment purposes and as part of the Subfund's strategy.

To reflect the above, the following paragraph has been included under section "Investment Principles" of the Subfund's supplement under Chapter 23, "Subfunds" of the prospectus:

Investment Principle
<p><i>The Subfund may engage in active currency allocation. In doing so, it may buy investment currencies on the basis of currency derivative contracts up to the value of the associated net assets and may sell them against another investment currency for up to the same amount. As the Subfund may enter into active currency allocation, the Subfund investments in currencies other than the Subfund's Reference Currency does not need to be hedged against such Reference Currency. Accordingly, any fluctuation in the exchange rate for such currencies in relation to the Reference Currency of the Subfund, will affect the Net Asset Value of the Subfund.</i></p>

The Shareholders of the relevant Subfunds who do not agree with the changes described above under the points 1 and 2 may redeem their shares free of charge until 21 September 2018, 3 p.m. CET.

All changes will enter into effect on 24 September 2018.

Shareholders should note that, once the above changes enter into effect, the new prospectus of the Company, the Key Investor Information Document (KIID), the latest annual and semi-annual reports as well as the articles of incorporation may be obtained at the registered office of the Company in accordance with the provisions of the prospectus.
