6 How long do we store Personal Data?

We will only retain Personal Data for as long as necessary to fulfil the purpose for which it was collected or to comply with legal, regulatory, or internal policy requirements. To help us do this, we apply criteria to determine the appropriate periods for retaining your Personal Data depending on its purpose.

We will keep your personal data for as long as you are our customer to allow us to provide you with the services and to meet our regulatory requirements, as specified in this document.

Once our relationship with you has ended (for example, after your account has closed or following a transaction such as a payment, your application for a product is refused, or you decide not to go ahead with an application), we will only keep your personal data for a period that is appropriate, which in many cases is up to 10 years after your account closes or following a transaction such as a payment. The period we keep information for is often linked to the amount of time available to bring a legal claim, required by law or regulations, or for compliance and risk management.

We will keep your personal data after this time if we have to do so by law, if there are existing claims or complaints that will reasonably require us to keep your information, or for regulatory reasons. If we do need to keep your information for a longer period, we will continue to protect that information. However, if you wish to have your Personal Data removed from our databases, you can make a request as described below, which we will review as set out therein.

Data Subjects may object to direct marketing by clicking the "unsubscribe" link in any of our emails, or by emailing us at the address indicated in section 7.2 at any time.

UBS will honour such requests, withdrawal or objection as required under applicable data protection rules but these rights are not absolute: they do not always apply and exemptions may be engaged.
