(the "**Company**")

Notice to Shareholders of Credit Suisse Prime Select Trust (Lux) Global Equities Long/Short (the "Subfund").

#### I. **Large redemption request in relation to the Subfund Credit Suisse Prime Select Trust (Lux) Global Equities Long/Short (the "Subfund").**

Notice is hereby given that for the Subfund Credit Suisse Prime Select Trust (Lux) Global Equities Long/Short, a redemption request which comprises the large majority of the shares outstanding has been received for Valuation date 28 June 2019.

After giving effect to this large redemption request, the remaining level of total net assets would no longer allow the Subfund to be effectively managed, so that the Board of Directors of the Company has decided that it would be in the investors' best interest to liquidate the Subfund.

In consideration of the fact that the liquidation of this Subfund will result in the liquidation of the Company itself, the Board of Directors has decided that all external investors, will be redeemed and paid out in a first step as described below. Following the redemption of all external investors of the Subfund, the AIFM of the Company will proceed in a second step with the winding up and liquidation of the Subfund and the Company. The investors will not be required to take any action in this respect.

In light of the foregoing, the issue and redemption of shares in the Subfund has been closed with effect as of 15:00 p.m. CET on 8 May 2019.

All relevant provisions for liabilities and charges have already been made in the accounts of the Subfund.

The Shares subject to redemption shall be redeemed on the Calculation Date following the applicable Valuation Date as soon as practicable when all information is available and when all the corresponding assets have been sold without undue delay and all Shareholders will receive an amount per Share redeemed equal to the Net Asset Value per Share as of the applicable Valuation Date for the relevant Class in the relevant Subfund.

The payment relating to the redemption proceeds may be deferred until such time when all required information will be available and the necessary cash has been received to make the final payment.

The net liquidation proceeds per share of the Subfund will be communicated to the Shareholders thereafter.

The AIFM will cover all costs and expenses of the Subfund and the Company arising as a result of the winding up and liquidation of the Company. Consequently, no provisions will be made to cover such costs and expenses.
