In a first step, the Subfund will be converted into a feeder fund and will therefore invest via a subscription in kind at least 85% of its total assets in **Credit Suisse (Lux) Infrastructure Equity Fund**, a subfund of **CS Investment Funds 2** (the “**Target Fund**”).

In a second step, immediately upon the completion of the first step, the Subfund will be liquidated in kind. As a consequence of such liquidation, the Shareholders of the Subfund will receive shares of the Target Fund and thus become shareholders of the Target Fund.

#### **1. Amendment to the Investment Objective and Investment Policy of the Subfund**

The Board Directors of the Company has decided to amend the Investment Objective and Investment Policy of the Subfund. Pursuant to these changes, the Subfund will pursue a master-feeder strategy by investing at least 85% of its total assets in the Target Fund.

The Target Fund is a subfund of **CS Investment Funds 2**, an undertaking for collective investment in transferable securities in the legal form of an investment company with variable capital (*société d'investissement à capital variable*, SICAV), subject to Part I of the Law of December 17, 2010.

The Company and CS Investment Funds 2 are both managed by Credit Suisse Fund Management S.A. and have appointed Credit Suisse (Luxembourg) S.A. as their depositary and Credit Suisse Fund Services (Luxembourg) S.A. as their central administration.

The amended Investment Objective and Principles of the Subfund and the Investment Objective and Principles of the Target Fund read as follows:

#### **Investment Objective of the Subfund and of the Target Fund**

The objective of the Subfund and of the Target Fund is to achieve the highest possible return in US dollars (Reference Currency) while taking due account of the principle of risk diversification, the security of the capital invested, and the liquidity of the invested assets.

### **Investment Policy of the Subfund**

In order to realize its investment objective, the Subfund pursues a master-feeder strategy. At least 85% of the Subfund's total assets shall be invested in Credit Suisse (Lux) Infrastructure Equity Fund, a subfund of CS Investment Funds 2 (the "Target Fund").

CS Investment Funds 2 is an undertaking for collective investment in transferable securities in the legal form of an investment company with variable capital (société d'investissement à capital variable, SICAV), subject to Part I of the Law of December 17, 2010. It has appointed Credit Suisse Fund Management S.A. as its management company.

The Subfund may hold up to 15% of its total net assets in liquid assets in the form of sight and time deposits with first-class financial institutions and money-market instruments which do not qualify as transferable securities and have a term to maturity not exceeding 12 months, in any convertible currency.

### **Investment Principles of the Target Fund**

At least two-thirds of the Target Fund's net assets are invested worldwide (including emerging markets) in equities and other equity-type securities and rights (American depository receipts [ADRs], global depository receipts, profit-sharing certificates, participation certificates, dividend rights certificates, etc.) issued by companies active in the infrastructure sector ("infrastructure sector"). "Infrastructure sector" in this context refers to services, the logistical basis and facilities which are necessary for the preservation and development of a modern society. Issuers that are active in the infrastructure sector include companies that are primarily involved in the planning, construction, provision or operation of (a) basic necessities (utilities) such as water, electricity and electricity distribution, gas, oil, light, heating and waste disposal, (b) transportation facilities, such as roads, airports, railroads, ports, subways, pipelines, canals and waterways, (c) communications and media networks, such as telephones, cellular, cable and broadcasting networks, (d) social and medical infrastructure facilities, such as hospitals, old age or nursing homes, prisons, educational and sports facilities, (e) protective infrastructure, such as dams or avalanche protection facilities, as well as companies that primarily offer advisory services related to the infrastructure sector and companies whose main activity is to hold participations in such companies. Securities are selected irrespective of their market capitalization.

For hedging purposes, and in the interest of the efficient management of the portfolio as well as for the implementation of the investment strategy the aforementioned investments may also be effected by way of derivatives, provided the limits set out in Chapter 6, "Investment Restrictions" are observed. Derivatives may be linked to security baskets or indices and shall be chosen in accordance with Art. 9 of the Grand-Ducal Decree of February 8, 2008.

The Target Fund may invest up to one third of its net assets in equities and equity-type securities of companies not fulfilling the above requirements, cash, sight and time deposits, money market instruments, fixed income securities, which may include, but not limited to, bonds, notes, and similar fixed and variable interest rate securities, discounted securities issued by public, private and semi-private issuers worldwide (including emerging markets). The Target Fund may – subject to the investment principles set out above – invest up to 10% of its net assets in structured products (certificates, notes) on equities, equity-type securities, equity baskets and equity indices that are sufficiently liquid and are issued by first-class banks (or by issuers that offer investor protection comparable to that provided by first-class banks). These structured products must qualify as securities pursuant to Art. 41 of the Law of December 17, 2010. Moreover, these structured products must be valued regularly and transparently on the basis of independent sources. Structured products must not entail any leverage effect. As well as satisfying the regulations on risk spreading, the equity baskets and equity indices must be sufficiently diversified. Furthermore, to hedge currency risks and to gear its assets to one or more other currencies, the Target Fund may enter into forward foreign exchange and other

currency derivatives in accordance with section 3 of Chapter 6, “Investment Restrictions” of the prospectus of the Target Fund.

### **Investor Profile**

The Target Fund is suitable for investors wishing to participate in the development of the equity markets within the infrastructure sector. Investors will be looking for a diversified and actively managed exposure to companies in this sector.

As the investments are focused on equities – which can be subject to wide fluctuations in value – investors should have a long-term investment horizon.

PricewaterhouseCoopers, *Société coopérative*, 2, rue Gerhard Mercator, L-2182 Luxembourg has been appointed by the Board of Directors as the independent auditor in charge of issuing an opinion on the subscription in kind and the number of shares issued in counterpart of this subscription.

The Luxembourg supervisory commission for the financial sector, the *Commission de Surveillance du Secteur Financier* or CSSF has approved the investment of the Subfund in the Target Fund.

The amendments made to the Prospectus will enter into force as of 15 December 2017. As of this date, the Subfund will invest almost exclusively in shares of the Target Fund.

Shareholders who do not agree with these amendments may redeem their Shares in the Subfund free of charge until 5 December 2017.

Investors should note that, following the expiry of the above mentioned redemption period, the valuation frequency of the Subfund will change from a daily to bi-monthly frequency. With effect as of 6 December 2017, the net asset value of the Subfund will only be calculated on the 16<sup>th</sup> and last day of each month (each such day a "Valuation Day"). Subscription, redemption and conversion orders submitted after 5 December 2017 will only be processed on the next Valuation Day. Investor should note that, in view of the imminent liquidation in kind of the Subfund, there may not be any further Valuation Day after 6 December 2017.

## **2. Liquidation in kind of CS Investment Funds 5 – Credit Suisse (Lux) Global Energy Winners Equity Fund**

The liquidation process of the Subfund will start on 15 December 2017. As part of the liquidation process, a major part of the portfolio of the Subfund will be traded in order to align the Subfund's portfolio to the one of the Target Fund, reflected above. Investors in the Subfund should note that transaction costs related to such sale and purchase of securities will be borne by the Subfund. The alignment of the portfolio of the Subfund to the Target Fund will ensure that investors remain fully invested in equities and equity-like securities and in addition have their equity exposure aligned with the Target Fund soon after the closing of the Subfund for redemptions.

No further subscriptions of Shares will be accepted in the Subfund after 3.00 p.m. CET as from the date of this notice, being 3 November 2017. Transaction costs related to the sale and purchase of securities will be borne by the Subfund.

As a result of the changes under points (1) and (2) above, the Shareholders of the Subfund will be allocated shares in the Target Fund and become shareholders of the Target Fund as of 15 December 2017, and consequently obtain voting rights in the Target Fund.

Shareholders should note that the number of shares in the Target Fund they will receive further to the liquidation in kind will not necessarily correspond to the number of Shares they held in the Subfund, but will depend on the number of shares in the Target Fund held by the Subfund at the time of its liquidation. Further to the liquidation, the Shares in the Subfund will no longer entitle the Shareholders to any rights in the Subfund or the Company.

Following the above mentioned liquidation in kind, the Subfund “CS Investment Funds 5 – Credit Suisse (Lux) Global Energy Winners Equity Fund” will cease to exist.
