CREDIT SUISSE INDEX FUND (LUX)

Notice to the Shareholders of **Credit Suisse Index Fund (Lux)**

Notice is hereby given to the Shareholders of the Company that the Board of Directors of the Company has decided to clarify in the prospectus the Investment Principles of all Subfunds of the Company. The investment objective of the Subfunds is to provide their respective Shareholders with a return in line with the performance of their respective benchmark index. According to the prospectus, the Subfunds may carry out their investment objective by investing, inter alia, in derivatives.

For the avoidance of doubt, this clarification has no impact on Shareholders and the investment objective and policy of the Subfunds will remain unchanged. It is clarified that such derivatives may include futures (i) on the benchmark index, (ii) on financial indices that the Investment Manager believes to be highly correlated to the benchmark index, (iii) on indices of individual countries and regions that are reflected in the benchmark index or (iv) on indices which are primarily based on the same markets as the Subfund's benchmark index.

These changes entered into effect on 10 May 2016.

Shareholders should note that, once the above change enters into effect, the new prospectus of the Company, the key investor information documents as well as the articles of incorporation may be obtained in accordance with the provisions of the prospectus at the registered office of the Company or on the internet at www.credit-suisse.com.

Luxembourg, 13 May 2016

The Board of Directors
