MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE (UNAUDITED)

This report provides certain performance data for A&Q Multi-Strategy Fund (the "Fund") for the fiscal year ended March 31, 2024.

The Fund's Investment Approach

The Fund commonly is referred to as a "fund of funds." Its investment objective is to seek capital appreciation over the long term, and it seeks to achieve this investment objective principally through the allocation of assets among a select group of alternative asset managers (the "Investment Managers") and the funds they operate. Investment Managers generally conduct their investment programs through unregistered investment vehicles, such as hedge funds, that have investors other than the Fund, and in other registered investment companies (collectively, the "Investment Funds").

The Fund invests in a portfolio of Investment Funds that employ the following strategies: credit/income, equity hedged, multi-strategy, relative value and trading.

Performance Review

The Fund generated a positive return for the year ended March 31, 2024.

The Fund finished positive for the last three quarters of 2023. The Fund slightly underperformed the HFRI FOF: Diversified Index during that time period, despite the positive total return. Equity hedged, credit, trading, relative value and multi-strategy Investment Funds were all positive contributors. Gains were led by equity hedged Investment Funds; one Investment Fund generated significant gains from long technology and consumer discretionary sector exposure. Another Investment Fund that focusses on discretionary macro generated gains from short US and UK rates. Relative value Investment Funds also produced a positive return for the year. Both Investment Funds in the portfolio that focus on fixed income relative value generated gains from US rates and US swap positioning. One Investment Fund focused on trading commodities contributed negatively to performance during the period, as short US gas portions incurred losses.

The Fund generated a positive performance during the first quarter of 2024. Equity hedged, relative value, trading, credit and multi-strategy Investment Funds all were positive contributors. Significant gains were produced by two Investment Funds that focuses fundamental equity hedged. Exposure to technology and consumer discretionary stocks produced positive performance. One Investment Fund that focuses on discretionary macro outperformed from short US and UK rates. There were no material detractors from performance during the first quarter of 2024.

Fund Performance

For the 12-month period ended March 31, 2024, the Fund returned 7.94%. The HFRI FOF: Diversified Index returned 9.19%.

MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE (UNAUDITED)

Returns	Fund	HFRI FOF: Diversified Index
Year-to-date	7.94%	9.19%
1-Year	7.94%	9.19%
3-Year (average annual)	3.73%	3.40%
5-Year (average annual)	5.36%	5.24%
10-Year (average annual)	4.25%	3.69%

This graph compares a hypothetical \$50,000 investment in the Fund with a similar investment in the HFRI FOF: Diversified Index. This index does not serve as a benchmark for the Fund and is shown for illustrative purposes only. The Fund does not have a designated performance benchmark. All figures for the Fund are based on its net asset value on the last business day of the first and each subsequent fiscal year, and include the reinvestment of all dividends and capital gains distributions, and the Fund's maximum sales load of 2%. The index does not reflect expenses, fees or sales loads, which would lower performance.

Although the HFRI FOF: Diversified Index is used as a reference point for the A&Q Multi-Strategy Fund, there may be meaningful differences between the Fund and this index. Because managers self-select into this index, there may not be consistency across the character of underlying funds. Such differences could lead to differentiated outcomes.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees and Shareholders of
A&Q Multi-Strategy Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of A&Q Multi-Strategy Fund (the “Fund”), including the schedule of portfolio investments, as of March 31, 2024, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund at March 31, 2024, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of the Fund’s internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of investments in investment funds as of March 31, 2024, by correspondence with management of the underlying investment funds. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more of the UBS Hedge Fund Solutions LLC investment companies since 1995.

Ratio/Supplemental Data:					
Ratio of net investment loss to average net assets ^{b, c}	(2.26%)	(2.11%)	(2.04%)	(2.57%)	(2.24%)
Ratio of gross expenses to average net assets after Incentive Fee ^{b, c}	2.32%	2.12%	2.05%	2.57%	2.24%
Ratio of net expenses to average net assets after Incentive Fee ^{b, c, d}	2.32%	2.11%	2.01%	1.99%	1.99%
Portfolio turnover rate	20.35%	20.28%	24.88%	23.97%	12.55%
Total return after Incentive Fee ^{e, f}	7.94%	3.73%	(0.30%)	16.32%	(0.02%)
Asset coverage ^g	22.869	89.600	26.894	174.272	N/A
Net assets	\$377,237,348	\$407,558,180	\$446,668,581	\$479,962,538	\$462,919,484

a Calculated based on the average Shares outstanding during the period.

b Ratios to average net assets are calculated based on the average net assets for the period.

c Ratios of net investment loss and total expenses to average net assets do not include the impact of expenses and incentive allocations or incentive fees incurred by the underlying Investment Funds.

d The ratios of net expenses to average net assets before Incentive Fee were 1.92%, 2.06%, 2.01%, 1.99% and 1.99% for the years ended March 31, 2024, 2023, 2022, 2021 and 2020, respectively.

e The total returns before Incentive Fee were 8.37%, 3.78%, (0.27%), 16.99% and 0.23% for the years ended March 31, 2024, 2023, 2022, 2021 and 2020, respectively.

f The total return is based on the change in value during the period of a theoretical investment made at the beginning of the period. The change in value of a theoretical investment is measured by comparing the aggregate ending value, adjusted for reinvestment of all dividends and distributions, if any, in accordance with the reinvestment plan. The total return does not reflect any sales charges.

A&Q Multi-Strategy Fund

Financial Highlights (continued)

g Calculated by subtracting the Fund's liabilities and indebtedness not represented by senior securities from the Fund's total assets and dividing the result by the aggregate amount of the Fund's senior securities representing indebtedness then outstanding. The Fund's senior securities during this time period were comprised only of temporary borrowings made pursuant to secured revolving lines of credit agreements (see Note 6). There were no senior securities payable outstanding for the year ended March 31, 2020.

March 31, 2024

1. Organization

A&Q Multi-Strategy Fund (the "Fund") was formed as a statutory trust under the laws of Delaware on February 7, 2011 and commenced operations on March 29, 2011. The Fund is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as a closed-end, non-diversified management investment company. The Fund is commonly referred to as a "fund of funds". Its investment objective is to seek to consistently realize risk-adjusted appreciation principally through the allocation of assets among a select group of alternative asset managers (the "Investment Managers") and the funds they operate. Investment Managers generally conduct their investment programs through unregistered investment vehicles, such as hedge funds, that have investors other than the Fund, and in other registered investment companies (collectively, the "Investment Funds"). The Fund seeks to achieve its investment objective primarily through the identification, selection and monitoring of Investment Managers and Investment Funds that UBS Hedge Fund Solutions (as defined below) believes will produce attractive returns over time. By diversifying the approach by which the Fund's assets are invested, the Fund seeks to achieve performance results that are less volatile in both rising and falling markets than investments made in accordance with a single approach.

Subject to the provisions of the Fund's Agreement and Declaration of Trust, as amended and restated from time to time (the "Declaration"), and the requirements of the 1940 Act, the business and affairs of the Fund shall be managed under the direction of the Fund's Board of Trustees (the "Board", with an individual member referred to as a "Trustee"). The Trustees shall have the right, power and authority, on behalf of the Fund and in its name, to do all things necessary and proper to carry out their duties under the Declaration. Each Trustee shall be vested with the same powers, authority and responsibilities on behalf of the Fund as are customarily vested in each trustee of a Delaware corporation, and each Trustee who is not an "interested person" (as defined in the 1940 Act) of the Fund (the "Independent Trustees") shall be vested with the same powers, authority and responsibilities on behalf of the Fund as are customarily vested in each trustee of a closed-end management investment company registered under the 1940 Act and organized as a Delaware corporation who is not an "interested person" of such company. The Trustees may perform such acts as they, in their sole discretion, determine to be proper for conducting the business of the Fund. No Trustee shall have the authority individually to act on behalf of or to bind the Fund except within the scope of such Trustee's authority as delegated by the Board. The Board may delegate (as may be permitted by the Declaration, the Fund's By-Laws and the Delaware Statutory Trust Act) the management of the Fund's day-to-day operations to one or more officers of the Fund or other persons (including, without limitation, UBS Hedge Fund Solutions (as defined below)), subject to the investment objective and policies of the Fund and to the oversight of the Board.

The Board has engaged UBS Hedge Fund Solutions LLC ("UBS Hedge Fund Solutions" or the "Adviser"), a Delaware limited liability company, to provide investment advice regarding the selection of Investment Funds and to be responsible for the day-to-day management of the Fund.

March 31, 2024

1. Organization (continued)

The Adviser is a wholly owned subsidiary of UBS Group AG and is registered as an investment adviser under the Investment Advisers Act of 1940, as amended.

Initial and additional applications for shares of beneficial interest ("Shares") by eligible investors may be accepted at such times as the Board may determine and are generally accepted monthly. The Board reserves the right to reject any application for Shares in the Fund. Shares may be purchased as of the first business day of each month at the Fund's then current net asset value ("NAV") per Share. The Fund from time to time may offer to repurchase Shares pursuant to written tenders by shareholders. These repurchases will be made at such times and on such terms as may be determined by the Board in its complete and exclusive discretion. The Adviser expects that it will recommend to the Board that the Fund offer to repurchase Shares from shareholders as of the end of each calendar quarter. During the year ended March 31, 2024, 63,585.374 Shares were repurchased.

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") is the exclusive reference of authoritative US generally accepted accounting principles ("US GAAP") recognized by the FASB to be applied by non-governmental entities. The Fund's financial statements are prepared in accordance with US GAAP.

The Adviser has determined that the Fund is an investment company as outlined in the FASB Accounting Standards Update No. 2013-08, *Financial Services - Investment Companies (Topic 946) - Amendments to the Scope, Measurement and Disclosure Requirements* ("ASU 2013-08"). Therefore, the Fund follows the accounting and reporting guidance for investment companies.

2. Significant Accounting Policies

a. Portfolio Valuation

The Fund values its investments at fair value, in accordance with US GAAP, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fund uses NAV as its measure of fair value of an investment in an Investment Fund when (i) the Fund's investment does not have a readily determinable fair value and (ii) the NAV of the Investment Fund is calculated in a manner consistent with the measurement principles of investment company accounting, including measurement of the underlying investments at fair value. In evaluating the level at which the fair value measurement of the Fund's investments have been classified, the Fund has assessed factors including, but not limited to, price transparency, the ability to redeem at NAV at the measurement date and the existence or absence of certain restrictions at the measurement date.

March 31, 2024

2. Significant Accounting Policies (continued)

a. Portfolio Valuation (continued)

US GAAP provides guidance in determining whether there has been a significant decrease in the volume and level of activity for an asset or liability when compared with normal market activity for such asset or liability (or similar assets or liabilities). US GAAP also provides guidance on identifying circumstances that indicate a transaction with regards to such an asset or liability is not orderly. In its consideration, the Fund must consider inputs and valuation techniques used for each class of assets and liabilities. Judgment is used to determine the appropriate classes of assets and liabilities for which disclosures about fair value measurements are provided. Fair value measurement disclosures for each class of assets and liabilities require greater disaggregation than the Fund's line items in the Statement of Assets and Liabilities.

The following is a summary of the investment strategies and any restrictions on the liquidity provisions of the investments in Investment Funds held by the Fund as of March 31, 2024. Investment Funds with no current redemption restrictions may be subject to future gates, lock-up provisions or other restrictions, in accordance with their offering documents. The Fund had no unfunded capital commitments as of March 31, 2024. The Fund used the following categories to classify its Investment Funds:

The Investment Funds in the credit/income strategy (total fair value of \$61,085,340) utilize credit analysis to evaluate potential investments and use debt or debt-linked instruments to execute their investment theses. Their approach can be either fundamental, quantitative, or a combination of both. As of March 31, 2024, the Investment Funds in the credit/income strategy had \$44,206,256, representing 72% of the value of the investments in this category, subject to investor level gates.

The Investment Funds in the equity hedged strategy (total fair value of \$110,882,334) generally utilize fundamental analysis to invest in publicly traded equities investing in both long and short positions seeking to capture perceived security mispricing. Portfolio construction is driven primarily by bottom-up fundamental research; top-down analysis may also be applied. As of March 31, 2024, the Investment Funds in the equity hedged strategy had \$75,356,435, representing 68% of the value of the investments in this category, subject to investor level gates and/or lock-ups. Included in this amount is \$29,634,564, representing 27% of the value of the investments in this category, that cannot be redeemed in full because the investments include restrictions that do not allow for redemptions in the first 12-24 months after acquisition. The remaining restriction period for these investments ranges from 4-11 months at March 31, 2024.

The Investment Funds in the multi-strategy strategy (total fair value of \$27,162,874) invest in both long and short, equity and debt strategies that are primarily in U.S. based securities. The management of these Investment Funds seek arbitrage opportunities, distressed securities, corporate

March 31, 2024

2. Significant Accounting Policies (continued)

a. Portfolio Valuation (continued)

restructures and hedges established in equities, convertible securities, options, warrants, rights, forward contracts, futures, trade claims, credit default swaps and other derivatives, real estate and other financial instruments. As of March 31, 2024, the Investment Funds in the multi-strategy strategy had \$7,451,231, representing 27% of the value of the investments in this category, subject to investor level gates.

The Investment Funds in the relative value strategy (total fair value of \$127,003,727), a broad category, generally encompass strategies that are non-fundamental and non-directional, and often quantitatively driven. The Investment Funds in this strategy typically use arbitrage to exploit mispricing and other opportunities in various asset classes, geographies, and time horizons. The Investment Funds frequently focus on capturing the spread between two assets, while maintaining neutrality to other factors, such as geography, changes in interest rates, equity market movement, and currencies, to name a few examples. As of March 31, 2024, the Investment Funds in the relative value strategy had \$127,003,727, representing 100% of the value of the investments in this category, subject to investor level gates and/or lock-ups. Included in this amount is \$65,896,016, representing 52% of the value of the investments in this category, that cannot be redeemed in full because the investments include restrictions that do not allow for redemptions in the first 30 months after acquisition. The remaining restriction period for these investments is 15 months at March 31, 2024.

The Investment Funds in the trading strategy (total fair value of \$54,956,018) are generally top-down in nature and often driven by econometric and macroeconomic research. The Investment Funds may utilize financial instruments, such as foreign exchange, equities, rates, sovereign debt, currencies, and commodities to express a manager's view. In executing different approaches, managers may use either fundamental or quantitative models or a combination of both. As of March 31, 2024, the Investment Funds in the trading strategy had \$31,219,418, representing 57% of the value of the investments in this category, subject to investor level gates.

The investments within the scope of ASC 820, for which fair value is measured using NAV as a practical expedient, should not be categorized within the fair value hierarchy. The total fair value of the investments in Investment Funds valued using NAV as a practical expedient is \$381,090,293 and is therefore excluded from the fair value hierarchy. Additional disclosures, including liquidity terms and conditions of the underlying investments, are included in the Schedule of Portfolio Investments.

March 31, 2024

2. Significant Accounting Policies (continued)

a. Portfolio Valuation (continued)

The three levels of the fair value hierarchy are as follows:

Level 1— quoted prices in active markets for identical investments

Level 2— inputs to the valuation methodology include quotes for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument

Level 3— inputs to the valuation methodology include significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The NAV of the Fund is determined by the Fund's administrator, under the oversight of the Adviser, as of the close of business at the end of any fiscal period in accordance with the valuation principles set forth below or as may be determined from time to time pursuant to policies established by the Board. The Fund's investments in Investment Funds are subject to the terms and conditions of the respective operating agreements and offering memorandums, as appropriate. The Adviser has adopted procedures pursuant to ASC 820 in which the Fund values its investments in Investment Funds at fair value. Fair value is generally determined utilizing NAVs supplied by, or on behalf of, the Investment Funds' Investment Managers, which are net of management and incentive fees charged by the Investment Funds. NAVs received by, or on behalf of, the Investment Funds' Investment Managers are based on the fair value of the Investment Funds' underlying investments in accordance with the policies established by the Investment Funds. Because of the inherent uncertainty of valuation, the value of the Fund's investments in the Investment Funds may differ significantly from the value that would have been used had a ready market been available. See Schedule of Portfolio Investments for further information.

The fair value relating to certain underlying investments of these Investment Funds, for which there is no ready market, has been estimated by the respective Investment Fund's Investment Manager and is based upon available information in the absence of readily ascertainable fair values and does not necessarily represent amounts that might ultimately be realized. Due to the inherent uncertainty of valuation, those estimated fair values may differ significantly from the values that would have been used had a ready market for the investments existed. These differences could be material.

It is unknown, on an aggregate basis, whether the Investment Funds held any investments whereby the Fund's proportionate share exceeded 5% of the Fund's net assets at March 31, 2024.

The fair value of the Fund's assets and liabilities which qualify as financial instruments approximates the carrying amounts presented in the Statement of Assets and Liabilities.

March 31, 2024

2. Significant Accounting Policies (continued)

b. Investment Transactions and Income Recognition

The Fund accounts for realized gains and losses from Investment Fund transactions based on the pro-rata ratio of the fair value and cost of the underlying investment at the date of redemption. Interest income is recorded on the accrual basis.

c. Fund Expenses

The Fund bears all expenses incurred in its business, including, but not limited to, the following: all costs and expenses related to portfolio transactions and positions for the Fund's account; legal fees; accounting and auditing fees; custodial fees; costs of computing the Fund's NAV; costs of insurance; registration expenses; interest expense; due diligence, including travel and related expenses; expenses of meetings of the Board; all costs with respect to communications to shareholders; and other types of expenses approved by the Board. Expenses are recorded on the accrual basis.

d. Income Taxes

The Fund intends, consistent with the requirements of the Internal Revenue Code that are applicable to regulated investment companies, to distribute all its taxable income to its shareholders. The Fund also intends to distribute sufficient net investment income and net capital gains, if any, so that it will not be subject to excise tax on undistributed income and gains, resulting in no provision requirements for federal income or excise taxes. The Fund has a September 30 tax year-end. Unless otherwise indicated, all applicable tax disclosures reflect tax adjusted balances at September 30, 2023.

The Fund files U.S. federal income and applicable state tax returns. The Adviser has analyzed the Fund's tax positions taken on its federal and state income tax returns for all open tax years, and has concluded that no provision for federal or state income tax is required in the Fund's financial statements. The Fund's federal and state income tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state departments of revenue. The Fund will recognize interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. For the year ended March 31, 2024, the Fund did not incur any interest or penalties. The Adviser does not believe there are positions for which it is reasonably likely that the total amounts of unrecognized tax liability will significantly change within 12 months of the reporting date.

Permanent book-to-tax basis differences resulted in the reclassification of amounts stated below, between total distributable earnings and paid-in capital reported on the Fund's Statement of Assets and Liabilities as of March 31, 2024. Such permanent reclassifications are attributable to differences

A&Q Multi-Strategy Fund
Notes to Financial Statements (continued)

March 31, 2024

2. Significant Accounting Policies (continued)

d. Income Taxes (continued)

between book and tax reporting of the Fund's investments which do not affect net assets or NAV per Share values.

Total Distributable Earnings	Paid in Capital
\$23	(\$23)

The tax character of distributions paid to shareholders during the financial statement year ended March 31, 2024 was \$25,703,363 of ordinary income. The tax character of distributions paid to shareholders during the financial statement year ended March 31, 2023 was \$20,595,160 of ordinary income.

The tax basis of distributable earnings as of September 30, 2023 (the Fund's most recent tax year) shown below represents future distribution requirements that the Fund must satisfy under the income tax regulations.

Undistributed Ordinary Income	Capital Loss Carryforward	Qualified Late Year Loss Deferrals*	Net Unrealized Appreciation/ (Depreciation)
\$ 2,082,730	(\$13,605,416)	\$-	\$9,598,030

* Under federal tax law, qualified late year ordinary and capital losses realized after December 31 and October 31, respectively, may be deferred and treated as occurring on the first day of the following tax year. For the tax year ended September 30, 2023, the Fund incurred a late year ordinary loss of \$0 and a capital loss of \$0 which it will elect to defer to the tax year ending September 30, 2024.

At September 30, 2023, the Fund did not utilize any capital loss carryforward. The capital loss carryforward is available to offset future realized capital gains. Capital losses that are carried forward will retain their character as either short-term or long-term capital losses and are not subject to expiration.

The federal tax cost of investments is adjusted for taxable income allocated to the Fund from the Investment Funds. The aggregate tax cost of investments at March 31, 2024 is \$354,937,646. Investment net tax basis unrealized appreciation was \$26,152,647 consisting of \$26,393,679 unrealized appreciation and \$241,032 unrealized depreciation.

The primary reason for differences between the earnings reported above and the federal tax cost of investments, in comparison with the related amounts reported on the Fund's Statement of Assets and Liabilities as of March 31, 2024, relates to cumulative differences between tax and US GAAP financial statement reporting requirements on the portfolio investments.

March 31, 2024

2. Significant Accounting Policies (continued)

e. Cash and cash equivalents

Cash consists of monies held at The Bank of New York Mellon. Cash equivalents consist of short-term investments that have maturities of three months or less at the date of purchase or money market or mutual funds. Such accounts, at times, may exceed federally insured limits. The Fund has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such accounts. At March 31, 2024, the Fund held an investment of \$88,663 in the UBS Select Treasury Institutional Fund, an affiliate of the Fund, which is included within cash and cash equivalents on the Statement of Assets and Liabilities. The UBS Select Treasury Institutional Fund invests primarily in government securities and other short-term, highly liquid instruments. The cash equivalents are recorded at NAV per share which approximates fair value and are considered to be Level 1 within the fair value hierarchy. The Fund did not hold any cash as of March 31, 2024. There were no restrictions on cash and cash equivalents held as of March 31, 2024.

f. Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates. Because of the uncertainty of valuation, such estimates may differ significantly from values that would have been used had a ready market existed, and the differences could be material.

3. Related Party Transactions

The Adviser provides investment advisory services to the Fund pursuant to an Investment Advisory Agreement. The Adviser also provides certain administrative services to the Fund, including: providing office space, handling of shareholder inquiries regarding the Fund, providing shareholders with information concerning their investment in the Fund, coordinating and organizing meetings of the Fund's Board and providing other support services. In consideration for all such services, the Fund pays the Adviser a fee (the "Management Fee"), computed and payable monthly, at an annual rate of 1.50% of the Fund's adjusted net assets determined as of the last day of each month. Adjusted net assets as of any month-end date means the total value of all assets of the Fund, less an amount equal to all accrued debts, liabilities and obligations of the Fund other than Incentive Fee (as described below) accruals if any, as of such date, and calculated before giving effect to any repurchase of Shares on such date. For the year ended March 31, 2024, the Fund incurred a Management Fee of \$5,970,850, of which \$1,436,557 remains payable and is included in the Statement of Assets and Liabilities at March 31, 2024.

March 31, 2024

3. Related Party Transactions (continued)

The Management Fee is computed as of the start of business on the last business day of the period to which each Management Fee relates, after adjustment for any Share purchases effective on such date, and is payable in arrears. A portion of the Management Fee and Incentive Fee (as defined below) is paid by UBS Hedge Fund Solutions to its affiliates.

In addition to the Management Fee paid to the Adviser, the Fund also pays the Adviser an incentive fee (the "Incentive Fee"), on a quarterly basis, at an annual rate of 5% of the Fund's net profits, if any. For the purposes of calculating the Incentive Fee, net profits will be determined by taking into account net realized gain or loss (including any realized gain that has been distributed to shareholders during a fiscal quarter and net of Fund expenses, including Management Fee) and the net change in unrealized appreciation or depreciation of securities positions, as well as dividends, interest and other income. No Incentive Fee will be payable for any fiscal quarter unless losses and depreciation from prior fiscal quarters (the "cumulative loss") have been recovered by the Fund, known as a "high water mark" calculation. The cumulative loss to be recovered before payment of Incentive Fees will be reduced in the event of withdrawals by shareholders. The Adviser is under no obligation to repay any Incentive Fees previously paid by the Fund. Thus, the payment of the Incentive Fee for a fiscal quarter will not be reversed by the subsequent decline of the Fund's assets in any subsequent fiscal quarter. For the year ended March 31, 2024, the Fund incurred an Incentive Fee of \$1,568,131, of which \$767,149 remains payable and is included in the Statement of Assets and Liabilities at March 31, 2024.

The Incentive Fee is in addition to the incentive fees or allocations charged by the unregistered Investment Funds.

UBS Financial Services Inc. ("UBS FSI"), a wholly owned subsidiary of UBS Americas, Inc., together with any other broker or dealer appointed by the Fund as distributor of its Shares (the "Distributor"), acts as the distributor of the Fund's Shares on a best efforts basis, subject to various conditions, without special compensation from the Fund. Currently, UBS FSI acts as the sole distributor of the Fund's Shares, and bears its own costs associated with its activities as distributor. Sales loads, if any, charged on contributions are debited against the contribution amounts, to arrive at a net subscription amount. The sales load does not constitute assets of the Fund.

Each Trustee of the Fund receives an annual retainer of \$12,500 plus a fee for each meeting attended. The Chair of the Board and the Chair of the Audit Committee of the Board each receive an additional annual retainer in the amount of \$20,000. These additional annual retainer amounts are paid for by the Fund on a pro-rata basis along with the two other registered alternative investment funds advised by UBS Hedge Fund Solutions. All Trustees are reimbursed by the Fund for all reasonable out of pocket expenses.

March 31, 2024

3. Related Party Transactions (continued)

During the year ended March 31, 2024, the Fund incurred a portion of the annual compensation of the Fund's Chief Compliance Officer in the amount of \$4,049 which is included in Officer's and Trustees' fees in the Statement of Operations. The related payable of \$18,794 is included in Officer's and Trustees' fees payable in the Statement of Assets and Liabilities.

The Fund, along with the two other registered alternative investment funds advised by UBS Hedge Fund Solutions, and the Trustees, are insured under an insurance policy which protects against claims alleging a wrongful act, error, omission, misstatement, misleading statement, and other items made in error. The annual premiums are allocated among the funds on a pro-rata basis based on each fund's assets under management. On an annual basis, the allocation methodology is reviewed and approved by the Board and the Adviser determines the amounts to be charged to each fund based upon the Board approved methodology. During the year ended March 31, 2024, the Fund incurred \$85,102 in insurance fees, which is included in printing, insurance and other expenses in the Statement of Operations, of which none was payable at March 31, 2024.

The Fund, along with several other funds advised by UBS Hedge Fund Solutions, is party to a Credit Agreement (See Note 6). On a quarterly basis, the credit provider charges a fee (the "Commitment Fee") on the unused portion of the total amount of the Credit Agreement. The Adviser negotiates the commitment amount with the counterparty based on the amount each fund will be expected to borrow at a given time. The Commitment Fee is allocated to each fund based on the sub-limit borrowing amount which is disclosed within the Credit Agreement. For the year ended March 31, 2024, the Fund incurred a Commitment Fee of \$348,101 to the counterparty, of which \$20,572 remains payable and is included in other liabilities in the Statement of Assets and Liabilities at March 31, 2024.

The Adviser may incur expenses on behalf of the Fund for certain activities which benefit the investment funds managed by the Adviser. For the year ended March 31, 2024, the Fund incurred other Adviser fees of \$15,125, of which none was payable at March 31, 2024.

Other investment partnerships sponsored by UBS Group AG or its affiliates may also maintain investment interests in the Investment Funds owned by the Fund.

4. Administration and Custody Fees

BNY Mellon Investment Servicing (US) Inc. ("BNY Mellon"), in its role as the Fund's administrator, performs certain additional administrative, accounting, record keeping, tax and investor services for the Fund. BNY Mellon receives a monthly administration fee primarily based upon (i) the average net assets of the Fund subject to a minimum monthly administration fee, and (ii) the aggregate net assets of the Fund and certain other investment funds sponsored or advised by UBS

A&Q Multi-Strategy Fund
Notes to Financial Statements (continued)

March 31, 2024

4. Administration and Custody Fees (continued)

Group AG, UBS Americas, Inc. or their affiliates. Additionally, the Fund reimburses certain out of pocket expenses incurred by BNY Mellon.

The Bank of New York Mellon serves as the primary custodian of the assets of the Fund, and may maintain custody of such assets with domestic and foreign sub custodians (which may be banks, trust companies, securities depositories and clearing agencies) approved by the Trustees. Assets of the Fund are not held by the Adviser or commingled with the assets of other accounts other than to the extent that securities are held in the name of a custodian in a securities depository, clearing agency or omnibus customer account of such custodian.

5. Share Capital and NAV

The Fund is authorized to issue an unlimited number of Shares. The Fund has registered \$570,704,781 of Shares for sale under its Registration Statement (File No. 333-258388). The Shares are distributed by UBS FSI, as the Fund's Distributor. The Distributor may pay from its own resources compensation to its financial advisors, as well as third party securities dealers and other industry professionals, in connection with the sale and distribution of the Shares or ongoing servicing of clients with whom they have placed Shares in the Fund.

Capital share transactions for outstanding Shares in the Fund for the year ended March 31, 2024 are summarized as follows:

Outstanding Shares		Outstanding Shares			
April 1, 2023	Subscriptions	Reinvestments	Redemptions	March 31, 2024	NAV Per Share
427,819.903	4,043.115	23,942.411	(63,585.374)	392,220.055	\$961.80

6. Loan Payable

The Fund, along with several other funds advised by UBS Hedge Fund Solutions, has entered into a secured Amended and Restated Credit Agreement dated as of September 1, 2022, as amended, supplemented or otherwise modified from time to time with a third-party commercial bank, which will terminate on June 17, 2024 unless extended (the "Credit Agreement"). Under the Credit Agreement, the Fund may borrow from time to time on a revolving basis at any time up to \$80,000,000 for temporary investment purposes and to meet requests for tenders. Indebtedness outstanding under the Credit Agreement accrues interest at a rate per annum for each day of Daily Simple Secured Overnight Financing Rate ("SOFR") or Term SOFR for a tenor of one month as determined by the borrower plus 1.50%. There is a Commitment Fee payable by the Fund, calculated at 45 basis points times the actual daily amount of the line of credit not utilized.

March 31, 2024

6. Loan Payable (continued)

For the year ended March 31, 2024, the Fund's average interest rate paid on borrowings was 6.63% per annum and the average borrowings outstanding was \$4,124,722. The Fund had \$17,250,000 in borrowings outstanding at March 31, 2024. Interest expense for the year ended March 31, 2024 was \$273,322, of which \$114,321 was payable at March 31, 2024.

7. Investments

As of March 31, 2024, the Fund had investments in Investment Funds, none of which were related parties.

Aggregate purchases and proceeds from sales of investments for the year ended March 31, 2024 amounted to \$78,300,000 and \$120,335,517, respectively.

The agreements related to investments in Investment Funds provide for compensation to the general partners/managers in the form of management fees of 0.00% to 2.85% (per annum) of net assets and incentive fees or allocations ranging from 0.00% to 35.00% of net profits earned. One or more Investment Funds have entered into a side pocket arrangement. Detailed information about the Investment Funds' portfolios is not available. Please see the Schedule of Portfolio Investments for further information.

8. Financial Instruments with Off-Balance Sheet Risk

In the normal course of business, the Investment Funds in which the Fund invests trade various financial instruments and enter into various investment activities with off-balance sheet risk. These include, but are not limited to, short selling activities, writing option contracts, contracts for differences, equity swaps, distressed investing, merger arbitrage and convertible arbitrage. The Fund's risk of loss in these Investment Funds is limited to the fair value of these investments.

9. Indemnification

In the ordinary course of business, the Fund may enter into contracts or agreements that contain indemnifications or warranties. Future events could occur that lead to the execution of these provisions against the Fund. Based on its history and experience, the Fund believes that the likelihood of such an event is remote.

March 31, 2024

10. Subsequent Events

The Adviser has evaluated the impact of all subsequent events on the Fund through the date the financial statements were available to be issued, and has determined that there were no events that required disclosure other than the following:

Subsequent to March 31, 2024, the Fund paid shareholders' redemptions payable of \$12,763,769 in full.

Effective April 1, 2024, management of UBS Hedge Fund Solutions enacted a reorganization and statutory merger in which UBS Hedge Fund Solutions LLC merged with and into UBS Asset Management (Americas) LLC ("UBS AM Americas"), formerly known as UBS Asset Management (Americas) Inc. As such, UBS Hedge Fund Solutions LLC has ceased to exist as a separate legal entity and UBS AM Americas has assumed all rights and obligations of UBS Hedge Fund Solutions LLC, including its role as the adviser of the Fund. UBS AM Americas is a wholly owned subsidiary of UBS Group AG and is registered as an investment adviser under the Investment Advisers Act of 1940, as amended.

TRUSTEES AND OFFICERS (UNAUDITED)

Information pertaining to the Trustees and Officers of the Fund is set forth below. The Statement of Additional Information (SAI) includes additional information about the Trustees and is available on the following website: <https://www.ubs.com/us/en/asset-management/individual-investors-and-financial-advisors/products/hedge-funds.html>. The SAI also may be obtained by contacting UBS Asset Management (Americas) LLC ("UBS AMA") at (888) 793-8637.

ADDITIONAL INFORMATION (UNAUDITED)

PROXY VOTING

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available: (i) without charge, upon request, by calling (888) 793-8637; and (ii) on the Securities and Exchange Commission's (the "SEC") website at <http://www.sec.gov>.

The Fund is required to file, on Form N-PX, its complete proxy voting record for the most recent 12-month period ended June 30, no later than August 31. The Fund's Form N-PX filings are available: (i) without charge, upon request, by calling (888) 793-8637; and (ii) on the SEC's website at <http://www.sec.gov>.

AVAILABILITY OF QUARTERLY PORTFOLIO SCHEDULES

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year as an exhibit to its reports on Form N-PORT. The Fund's Form N-PORT reports are available, without charge, on the SEC's website at <http://www.sec.gov>.
